Dear Sir:

On Wednesday, November 9, 2005, the Examiner of this application contacted Applicant's undersigned counsel by telephone. The Examiner requested that Applicant provide copies of IDS forms signed by the Examiner by fax transmission. The Examiner also indicated that she had been reviewing the IDS materials previously provided by Applicant and she inquired about the status of the pending lawsuits. Applicant's counsel provided a brief update of the status of the lawsuits and Applicant's counsel explained that additional IDS materials were being gathered and would be filed in the near future for the Examiner to consider. Neither the Examiner nor Applicant's counsel discussed any of the claims in the pending patent application.

Respectfully submitted,

Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent form listing 171 references to be considered by the Examiner. Copies of 132 items of foreign patent references and/or non-patent literature are enclosed as listed on the Information Disclosure Statement. Copies of the U.S. patents listed on the attached form are not provided because we understand that the Examiner will access and review such patents using an electronic database.

As previously disclosed, the owner of this application, ICU Medical, Inc. ("ICU"), also owns several issued patents in the same family as this application. Some of these patents have been involved in lawsuits filed by ICU against infringers. One of these lawsuits, ICU Medical, Inc. v. B. Braun Medical, Inc., U.S. District Court for the Northern District of California, CV-01-3202 CRB (MFJ), has ended by way of a settlement agreement between the parties. Certain documents relating to this litigation are disclosed herewith, and other documents relating to this litigation have previously been disclosed. Also enclosed is a docket sheet from this lawsuit. The Examiner is invited to contact Applicant's undersigned counsel if the Examiner believes that any other items from this litigation should be disclosed.

Another lawsuit, ICU Medical, Inc. v. Alaris Medical Systems, Inc., U.S. District Court for the Central District of California, CV-04-0689-AHS (VBKx), is proceeding.

Appl. No. : 10/630,131
Filed : July 30, 2003

Docket No. ICUMM.011C8C5
Customer No. 20,995

Certain documents relating to this litigation are disclosed herewith, and other documents relating to this litigation have previously been disclosed. This lawsuit is currently scheduled for trial next year. Also enclosed is a docket sheet from this lawsuit, which reflects that several matters are currently pending before the Judge. In connection with one of these matters, Defendant Alaris Medical Systems, Inc. submitted to the Court an Opposition to ICU Medical's Ex Parte Application To Continue Motion Hearings and Vacate Briefing Schedule, a copy of which is enclosed herewith. In this document, Alaris made allegations relating to the present application. See, e.g., page 9, footnote 8. Although ICU disagrees with many of these allegations, the Examiner is requested to thoroughly review all of the allegations made by opposing parties in this and other documents. The Examiner is invited to contact Applicant's undersigned counsel if the Examiner believes that any other items from this litigation should be disclosed.

This Information Disclosure Statement is being filed before the mailing date of a final action and before the mailing of a Notice of Allowance. Additional materials may be submitted for consideration by the Examiner in the future. This Statement is accompanied by the fees set forth in 37 C.F.R. § 1.17(p). The Commissioner is hereby authorized to charge any additional fees which may be required or to credit any overpayment to Account No. 11-1410.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
